Senator Mitch Fifield
Chair
Senate Finance and Public Administration Committee
Parliament House
CANBERRA ACT 2600

Dear Senator Fifield

Following a review of internal documentation I would like to clarify matters raised at the Senate Committee hearing on 24 May 2007.

The decision to award the Perth contract was within the Managing Director Board delegations and as such ultimately made by Managing Director. In relation to this contract an upfront disclosure of a previous work relationship with Dr Macintosh was not made, nor did I have an interest to disclose.

Yours Sincerely

Walter Kmet
Managing Director
