Question: PM 5

Outcome 1, Output 1.1

Topic:

Asia Pacific Partnership on Clean Development and Climate (AP6) –projects

Senator Allison asked: Hansard F&PA page 83

My question is about the progress on the 100 projects committed by AP6 so far. I am actually looking for a breakdown, if it is possible, of one of those projects into different sectors - energy sectors, solar projects, clean coal and forestry. Is it possible to do that?

Answer: The booklet “Asia-Pacific Partnership on Clean Development and Climate – Partnership for Action 2006” provides a summary of projects given in-principle Australian Government funding support. The booklet is available on the internet at <http://www.dfat.gov.au/environment/climate/ap6>.

Further information on AP6 projects is available from the Department of Industry, Tourism and Resources.
