Question:

Does the department/agency print any hard copies of internal reports/statements/papers they produce? If yes, please list how many copies, where they are delivered and the cost.

Answer:

The agency prints and keeps hard copies of internal reports. The number of copies printed varies depending on the report, but will generally be less than ten.

Where the reports are delivered depends on the report.

Given the small number of copies generally printed, the costs are negligible and are absorbed within the day to day running costs of the agency.
