Supplementary Budget Estimates Hearings 2006-2007, 30 October 2006

Question: PM 41

Outcome 1, Output 1

Topic: Office of Water Resources

Hansard Page: Direct on Notice

Senator Stephens asked:

Provide a consolidated table with information on expenditure and planned expenditure for the \$2 billion AWF - that is, for the Raising National Water Standards Programme, Water Smart Australia Programme and Community Water Grants Program.

The table to include:

- a) List of projects approved, total cost, Commonwealth contribution for project, other contributions;**
- b) whether the project has commenced - and if so when it is expected to be operational, and if not when it will be operational;**
- c) if a project has not commenced, why not?**
- d) List of projects awaiting approval and total expected cost and expected Cth contribution for the project.**

Answer:

The National Water Commission and the Department of Environment, Water, Heritage and the Arts prepared the following answer on behalf of the Department of the Prime Minister and Cabinet as they now have responsibility for this function.

- a) For Community Water Grants this information can be found at <http://www.communitywatergrants.gov.au>. Refer to Attachment A for Water Smart Australia and Attachment B for Raising National Water Standards Program.
- b) All Round 1 and Round 2 Community Water Grants projects have commenced. As at 20 May 2008, 4316 Round 3 projects have commenced. Refer to Attachment A for Water Smart Australia and Attachment B for Raising National Water Standards Program. Water Smart Australia and Raising National Water Standards Program funding agreements require project funding to be expensed on or before 30 June 2010.
- c) Some Round 3 Community Water Grants funding agreements are still being finalised. Refer to Attachment A for Water Smart Australia and Attachment B for Raising National Water Standards Program.
