ANSWERS TO QUESTIONS ON NOTICE
SUPPLEMENTARY BUDGET ESTIMATES 2011-2012

Finance and Deregulation Portfolio

Department/Agency: Australian Electoral Commission

Outcome/Program: Outcome 1

Topic: Informal Voting 2010 Federal Election

Senator: Ryan

Question reference number: F53

Type of question: Hansard, F&PA Committee, page 88, 18 October 2011

Date set by the committee for the return of answer: Friday, 2 December 2011

Number of pages: 24

Question: “In your report *Analysis of informal voting, House of Representatives, 2010 federal election*, the AEC provided a breakdown, by electorate, of informal voting, looking at those voters who voted with just one tick or a cross. Is it possible for you to provide the committee with a breakdown by electorate—in a similar fashion—of informal votes where a 1, a tick or a cross was used by candidate?

... Group together all the 1s, ticks and crosses, saying that there were so many per electorate. Is it possible to look at those by candidate?”

Answer:

A breakdown of informal votes with a number ‘1’ only by electoral division and candidate is available and has been attached to this response.

Counts by candidate of informal votes where just one tick or cross was used are not available as this information was not collected in the 2010 House of Representatives Informal Ballot Paper Survey.
