

Senate Finance and Public Administration Legislation Committee —Supplementary Budget Estimates Hearing—October 2011

Answers to Questions on Notice

Parliamentary departments, Department of Parliamentary Services

Topic: **New CCTV system**

Question: **10**

Written **Senator Ronaldson**

Date set by the committee for the return of answer: 2 December 2011

Does the security system go slowly or is it unstable when Microsoft patch updates are occurring?

Answer

1 There have been no reports of system instability or slowness during the Microsoft patch update process.

2 Microsoft patches are installed for reliability and security reasons. The process generally requires a server reboot, which leads to a brief interruption to camera functionality.
