

SENATE STANDING COMMITTEE ON LEGAL AND CONSTITUTIONAL AFFAIRS  
ATTORNEY-GENERAL'S DEPARTMENT

**Output: All**

**Question No. 115**

**Senator Barnett asked the following question at the hearing on 23 February 2009:**

In relation to the Portfolio's consultancies;

- a) how many consultancies have been undertaken or are underway since November 2007? Please identify the name of the consultant, the subject matter of the consultancy, the duration and cost of the consultancy, and the method of procurement (ie. open tender, direct source, etc). Please also include total value for all consultancies.
- b) is the Department up to date with it's 'AusTender' reporting requirements, If not, why not,
- c) how many consultancies are planned / budgeted for this calendar year,
- d) have these been published in your Annual Procurement Plan (APP) on the AusTender website and if not, why not, and
- e) In each case please identify the subject matter, duration, cost and method of procurement as above, and the name of the consultant if known.

**The answer to the honourable senator's question is as follows:**

- a) 471. Attachment A sets out in detail the breakdown of consultancies for each agency, including the Department.
- b) Yes, the Department and those agencies that are required to comply with the AusTender reporting requirements are up to date. The agencies listed below are not required to comply with the AusTender reporting requirements.

Criminology Research Council	The Criminology Research Council is a <i>Commonwealth Authorities and Companies Act (CAC)</i> Agency. The Council is not required to report on AusTender as AusTender reporting only applies to those agencies listed under Schedule 1 of the <i>Commonwealth Authorities and Companies Regulations 1997</i> . Criminology Research Council is not listed under Schedule 1.
Australian Security Intelligence Organisation	ASIO does not report any details on AusTender of contracts it has awarded for reasons of national security. Details of ASIO contracts can be made available to Members of Parliament as a confidential briefing or to the Parliamentary Joint Committee on Intelligence and Security on request
Australian Government Solicitor	AGS is a statutory authority and a government business enterprise (GBE). It operates on a fully commercial and competitive basis and does not receive any funding from budget or other parliamentary appropriations. As a GBE AGS is not required to publish information about its contracts as part of AusTender or in its annual report, or to publish an annual procurement plan.  From time to time, AGS engages consultants to undertake specific projects or activities, generally in the areas of corporate and business support. Over

	the period 1 November 2007 to 23 February 2009, AGS paid in the order of \$1.48m for consultancy services (excluding GST). AGS considers that the preparation of detailed answers to each of the parts of the question on notice would represent a significant cost to AGS's business and would be an unreasonable diversion of AGS's resources.
The High Court of Australia	The High Court of Australia is a part of the Commonwealth and is an "agency" named in annual Appropriations Acts. However, it is not a prescribed agency under the FMA Act, due to its status under its enabling legislation. Therefore it is not required to comply with the Commonwealth Procurement Guidelines.

- c) 92 Consultancies are planned/budgeted for this calendar year. Attachment B sets out in detail the breakdown of planned/budgeted consultancies for each agency, including the Department.
- d) Please refer to Attachment B for details. As per Department of Finance and Deregulation policy (refer Financial Management Guidance No.15), Annual Procurement Plans are only currently available for the Financial Year 2008/09. This guidance does not require agencies to publish an Annual Procurement Plan for the 2009/10 Financial Year until 1 June 2009.
- e) Please refer to Attachment B for details.
