Dear Mr Hallahan

Re: Question on Notice 115

In preparing answers to questions relating to consultancies following the May Budget Estimates hearings, we discovered reporting errors in answers to QoN 115 from the Additional Estimates hearing of 23 February 2009. Corrected answers are set out in the table below and in the attached revised answer (labelled QoN 115A).

The consultancies numbered 1 to 5 were mistakenly omitted due to a classification error.

Consultant	Description of Service	Duration	Consultancy cost since November 2007	Method of procurement
1).Open Mind Research Group	Concept testing for cross-boarder movement communication activities	3 months	\$35,368	Select Tender from a Multi-Use list
2) Quality Management Solutions Pty Ltd	Provision of investigation services	1 month	\$28,658	Direct
3)Deloitte Touche Tohmatsu	Online security review	9 weeks	\$41,164	Select Tender
4)Perpetro Pty Ltd	Design & usability of the AML/CTF Act reportable details forms	2 months	\$6,988	Direct
5) Data Insight Technology	Project development services	6 days	\$10,890	Direct

Please accept our apology for these inadvertent oversights.

If you have any questions in this matter can you please contact Mr Alistair Sands on (02) 6120 2612.
