Senator Conroy (Written) asked:

Please provide a detailed map showing the location of Indonesia's territorial waters in the areas near Christmas Island and Ashmore Island?

Answer:

ACBPS is not a maritime charting authority. Indonesia's baselines are a matter of public record. The location of the territorial sea baselines have been lodged at the United Nations as required under the provisions of the United National Conventions on the Law of the Sea (UNCLOS). These can be found on the United Nations website.
