Secretary  
Senate Legal and Constitutional Committee  
Room S1.61  
Parliament House  
CANBERRA ACT 2600

Dear Ms Gell

**Evidence to Senate Legal and Constitutional Legislation Committee's Consideration of Estimates**

I refer to my evidence to the Committee of 24 May 2004 and wish to correct one detail of that evidence.

As indicated on page 82 of the transcript, I informed the Committee that the Attorney-General had issued three directions to Commonwealth agencies in relation to legal services since 1999.

It has since come to my attention that the Attorney-General has only issued two such directions. The issue of a direction was contemplated on a third occasion but did not in fact proceed.

Yours sincerely
