

**SENATE LEGAL AND CONSTITUTIONAL LEGISLATION COMMITTEE  
AUSTRALIAN FEDERAL POLICE**

**Question No. 1**

**Senator Ludwig asked the following question at the hearing on 16 October 2006:**

You mentioned that some of the planning documents are current, but, if old planning documents are available, they might assist. The current one is right. It is predicated on the coming budget, but the one that has gone already is a stale document as such. If there is no confidentiality attached to it, you may be able to provide it. I will leave that with you.

**The answer to the honourable senator's question is as follows:**

The historical workforce planning documents are unable to be provided. As internal working documents they also include a range of confidential assumptions about possible government initiatives, international deployment options and negotiations with state police which may not have been realised.
