

SENATE LEGAL AND CONSTITUTIONAL LEGISLATION COMMITTEE  
AUSTRALIAN FEDERAL POLICE

**Question No. 102**

**Senator Ludwig asked the following question at the hearing on 25 May 2006:**

The Anti-Terrorism Bill (No. 2) gave reference to education programs: Please provide the Committee with links or copies to open source papers on the education programs.

**The answer to the honourable senator's question is as follows:**

While there has been much discussion surrounding terrorist “re-education programs” or “deprogramming”, little has actually been published for the public domain at this stage.

Open source publications which can inform discussion of this issue include:
