Question No. 32

Senator Barnett asked the following question at the hearing on 25 May 2009:

In relation to the RTO Strategic Development Solutions report on the redevelopment of the Emergency Management Australia education and training evaluation system completed in March 2008, what is the status of the report? Has the Government responded to the report?

The answer to the honourable senator's question is as follows:

The study was ceased by Emergency Management Australia on 25 January 2008 with notification to RTO Strategic Development Solutions, prior to completion. Therefore no report was completed. The decision to cease the study resulted from a proposed change in the focus of educational products to be delivered through the EMA Institute.
