IMMIGRATION AND CITIZENSHIP PORTFOLIO

(BE11/0758) Program 5.1: AMEP / Settlement Services for Migrants and Refugees

Senator Cash (L&CA 120) asked:

In relation to settlement services contract reports, are you able to provide those reports from Navitas and Resolve FM only as they relate to the Hunter region? If not, provide whatever reports that can be provided in relation to the whole region.

Answer:

Under the IHSS program the Hunter region was incorporated into the Northern Metropolitan contract region of NSW. NAVITAS (formerly ACL) produced six monthly and annual reports for the whole region, including activities undertaken by their subcontracted accommodation service provider, Resolve FM. Copies of these have been provided in response to BE11/0716.
