Senator Xenophon (written) asked:

Cabin crew – 457 visas: It is common ground that foreign cabin crew would require 457 visas to work on domestic flights. Evidence provided to the Senate by Jetstar confirms that their foreign cabin crews are remunerated well below the Aircraft Cabin Crew Award 2010 or the Jetstar Cabin Crew EBAs. If Jetstar employed foreign cabin crew holding SPVs on domestic flights rather 457 visas, which agency would investigate the situation and take appropriate enforcement action?
