(BE12/0492) Program 5.1: Settlement Services for Migrants and Refugees

Senator Cash (L&CA 94) asked:

Provide the details in relation to the individual flexibility pathways under the AMEP program?

Answer:

The Adult Migrant English Program (AMEP) is a flexible program that is delivered to meet the clients' individual needs and circumstances.

The AMEP offers a range of learning options including face to face tuition, distance learning, the Home Tutor Scheme and self-paced e-modules to support and supplement independent learning.

Many AMEP locations offer a range of class options including full time, part time, morning, afternoon, evening and weekend classes. Classes may be scheduled to consider family and employment circumstances.
