SUPPLEMENTARY BUDGET ESTIMATES HEARING: 19 OCTOBER 2010

IMMIGRATION AND CITIZENSHIP PORTFOLIO

(86) Program 4.2: Onshore Detention Network

Senator Cash asked:

Could the department please provide a list of all subcontractors working on stage 2 and stage 3- because work has been undertaken on stage 3 of the project-and confirm when requests to tender and/or price on their involvement was sought by the head contractor CSS and when letters of intent were sent to the subcontractors for their involvement in the works?

Answer:

CSS has identified the following sub contractors as working on Stage 2:

Matricon, Mine Site Construction Services, Hammond Electrical, Remote Area Concrete, Structural Focus, Leamy Construction, PDI Plumbing Services, Captain Cranes, Pacific Transport.

As stage 3 contingency work was undertaken concurrently with stage 2, CSS advises that most sub-contractors performed works on both sites.

CSS also advises that it informed Matricon on 24 August 2010 that it would be engaged for the project and that a letter of intent was sent to Mine Site Construction Services on 9 August 2010. CSS advises that it has an ongoing relationship with all other sub-contractors.
