Senator Di Natale (written) asked:

Can ordinary members of the public catch these flights?

*Answer:*

*Airfast Indonesia* operates a regular charter service between Mozes Kilangin airport, Tembagapura, Indonesia and Cairns International Airport. The Department understands that this charter service is available only to employees of the Grasburg mine (operated by PT Freeport, Indonesia) and their families.

The Department of Infrastructure and Transport may have further information on access to these flights by members of the public.
