

QUESTION TAKEN ON NOTICE

SUPPLEMENTARY BUDGET ESTIMATES HEARING: 19 November 2013

IMMIGRATION AND BORDER PROTECTION PORTFOLIO

(SE13/0264) PROGRAMME – Internal Product

Senator Carr (Written) asked:

Detail the process the department has worked through to change its name.

Answer:

A high-level working group led by Deputy Secretary, Business Services Group was established to manage and coordinate implementation of the Machinery of Government (MoG) changes.

A sub working group led by the National Communications Branch was established to lead and coordinate branding changes resulting from the MoG changes. Membership was drawn from across the organisation.

The sub working group identified the areas most affected by the department's name change and developed a transition plan to efficiently and effectively transition to the new name.
