

## Consultancy Services

The list below details consultants engaged during the 2004–05 financial year with a contract price of \$10 000 or more. The contract price for consultancies includes goods and services tax (GST).

### **Method of Selection**

### **Reason for Employment**

- |  |   |
|--|---|
| 1. Advertised publicly                               | a. Specialist skills not available within the Department are required                     |
| 2. Selective tender process                          | b. They bring greater objectivity and independence to the task                            |
| 3. Not advertised because a contract already existed | c. Rapid access to the latest technology and experience in its application is needed      |
| 4. Direct selection/sole source                      | d. Appropriate in-house resources do not exist  |
| 5. Joint venture                                     | e. The department benefits from their broader experience and practices                    |
| 6. Consultants' register/panel                       | f. Specialist skills can be transferred to Departmental staff associated with the project |
