Georia Associates Pty Ltd	79,750	Manage components of the Bureau's land management practices work program including development of principles of an agreed framework (categorisation system).	Select Tender	Special Expertise
Geoscience Australia	292,600	Provision of technical advice necessary to develop products to address the salinity and land management issues identified by the River Murray Corridor Project Reference Group.	Select Tender	Special Expertise
Goulburn Valley Water	122,000	To build on existing salinity data with the acquisition of new stream sampling and salinity mapping data to deliver a robust dataset on salinity that can be used to target investments for intervention and salinity management within the Goulburn area more effectively.	Select Tender	Special Expertise
Hunter-Central Rivers Catchment Mgt Auth	152,500	To build on existing salinity data with the acquisition of new stream sampling and salinity mapping data to deliver a robust dataset on salinity that can be used to target investments for intervention and salinity management within the Hunter area more effectively.	Select Tender	Special Expertise

[MS 04 attachment A]

Consultant name	Contract price (incl. GST)	Description	Selection process	Justification
Lachlan Catchment Mgt Auth	220,300	To build on existing salinity data with the acquisition of new stream sampling and salinity mapping data to deliver a robust dataset on salinity that can be used to target investments for intervention and salinity management within the Lachlan area more effectively.	Select Tender	Special Expertise
Latitude 42 environmental Consultants	27,500	Provide and produce assessment report to support the Seabird Bycatch assessment project (Consultant also trading as Barry Baker).	Select Tender	Special Expertise
Mallee Catchment Mgt Auth	87,000	To build on existing salinity data with the acquisition of new stream sampling and salinity mapping data to deliver a robust dataset on salinity that can be used to target investments for intervention and salinity management within the Mallee Catchment area more effectively.	Select Tender	Special Expertise
Murray Catchment Mgt Auth	200,000	To build on existing salinity data with the acquisition of new stream sampling and salinity mapping data to deliver a robust dataset on salinity that can be used to target investments for intervention and salinity management within the River Murray area more effectively.	Select Tender	Special Expertise
Murrumbidgee Catchment Mgt Auth	87,000	To build on existing salinity data with the acquisition of new stream sampling and salinity mapping data to deliver a robust dataset on salinity that can be used to target investments for intervention and salinity management within the Murrumbidgee area more effectively.	Select Tender	Special Expertise
Namoi Catchment Mgt Auth	53,000	To build on existing salinity data with the acquisition of new stream sampling and salinity mapping data to deliver a robust dataset on salinity that can be used to target investments for intervention and salinity management within the Namoi River area more effectively.	Select Tender	Special Expertise
NGIS Australia Pty Ltd	32,439	Provide Spatial Data Infrastructure Technology review services for the Bureau.	Select Tender	Special Expertise
Nicole Mazur	25,000	Provide technical advice for the fisheries Bycatch project.	Select Tender	Special Expertise
North Central Catchment Mgt Auth	214,000	To build on existing salinity data with the acquisition of new stream sampling and salinity mapping data to deliver a robust dataset on salinity that can be used to target investments for intervention and salinity management within the North Central Catchment area more effectively.	Select Tender	Special Expertise
Oxide Interactive	16,500	Web design and online development of the Climate & Resources Reliability Tool as part of the National Agricultural Monitoring System.	Select Tender	Special Expertise

[MS 04 attachment A]

Consultant name	Contract price (incl. GST)	Description	Selection process	Justification
Primary Industries & Resources SA	132,000	Provide indicators of land salinity assessment specifications.	Select Tender	Special Expertise
Queensland Department of Primary Industries and Fisheries	33,000	Study of asset value of the National Agricultural Monitoring System IT engine.	Open Tender	Special Expertise
Old Dept Primary Industries & Fisheries	10,000	Provision of Sorghum production data analysis for Queensland from 1990 to 2006 from Season Crop Outlook Reports for the National Agricultural & Monitoring System.	Select Tender	Special Expertise
Queensland Murray Darling Ctee Inc	318,284	Provision of Salinity investigations using airborne geophysics in the Lower Balonne area to increase understanding of salt stores and salinity processes within the Catchment's landscape.	Select Tender	Special Expertise
Rural Solutions SA	100,000	Completion of scoping study for a National Assessment of Land Salinity and Status of Natural Resources Booklet.	Open Tender	Special Expertise
SA Murray-Darling Basin NRM Board	171,000	To build on existing salinity data with the acquisition of new stream sampling and salinity mapping data to deliver a robust dataset on salinity that can be used to target investments for intervention and salinity management within the South Australian Murray Darling area more effectively.	Select Tender	Special Expertise
SeaGIS	32,968	Provision of research outcomes for assessing operational feasibility of stereo video for use in the Southern Bluefin Tuna Fishery Farm Sector. (in collaboration with the University of Western Australia and the Australian Southern Bluefin Tuna Association).	Select Tender	Special Expertise
StratsecNet Pty Ltd	17,360	Provision of an independent assessment of the design and code base for the National Agricultural Monitoring System database in determining it's ability to be maintained and extended.	Select Tender	Special Expertise
Sunraysia Environmental Pty Ltd	2,663,001	Provision of project management services relating to the drilling of investigation bores, logging of bores and lab testing within the River Murray Corridor.	Open Tender	Special Expertise
Social Change Online Pty Ltd	11,500	The consultant will support the Bureau to configure Geoserver software to manage the request and response templates as provided by CSIRO and the database as defined by Bureau input into a national hydrological distributed database network for the Australian Water Data Implementation Project.	Select Tender	Special Expertise

[MS 04 attachment A]

Consultant name	Contract price (incl. GST)	Description	Selection process	Justification
University of Western Australia	37,000	Provision of research outcomes for assessing operational feasibility of stereo video for use in the Southern Bluefin Tuna Fishery Farm Sector.
