

**Department of Agriculture, Fisheries and Forestry  
Discretionary Grants (1 November 2007 - 31 December 2008)**

**ATTACHMENT 1**

Purpose/Grant Name	Grant Funding Location
Capacity Building for Forest Fire and Fuels Research and Monitoring	NSW
Capacity Building on Restoration, Management and Rehabilitation of Degraded, Logged-out Secondary Forests in the Pacific - a Regional Seminar for improved practices enhancing forest functions	International
Capacity Building to protect against forest invasive and outbreak species in the Asia Pacific region (Phase 1)	International
Developing a chain of custody system for forest products in Papua New Guinea	International
Development of guidelines for verification of the legality of tropical timber imports to Australia	International
Leadership for professional education in sustainable forest management and the role of forests in mitigating climate change	International
Making Practice Perfect: delivering hands-on SFM training	International
Managing forests in Mekong countries Vietnam, Lao PDR and Cambodia for carbon sequestration and REDD	International
Organization of 'Environment Day' at the first Asia-Pacific Forestry Week (21-26 April 2008, Hanoi, Vietnam)	International
Short Course for Forest Certification and Legality Verification Assessors	International
Skills Training and Capacity Building in Certification - Australian based Asia, South pacific, Certification Training Resource Composite Project	International
Strengthening implementation of codes of practice for forest harvesting (Indonesia, Malaysia and Papua New Guinea)	International
Training in Reduced Impact Logging (RIL) and related, forest-market linking activities	International
Grant for Australian Wool Industry Publication	ACT
Grant for Research into the feasibility of Humane Camel Management	ACT
Grant for Domestic Poultry Surveillance	ACT
Grant for Epidemiology of Avian Influenza in Aquatic Birds in Northern Queensland	QLD
A broadacre approach to Certification of sustainable farm practice.	WA
A Responsible Lead - laying the foundations of the Grains Industry Environmental Plan.	ACT
Adopting Innovative Practices to Improve the Resilience of Farming Systems in the Northern and Eastern Wheatbelt of Western Australia.	WA
Adoption of sustainable water management on Tasmanian vegetable farms.	TAS
Asset Protection Decision Support Tools for Pastoralists in Semi-arid Landscapes.	NT
Australian Pastoral Property Innovation Manual.	SA
Australian Wine Industry Stewardship environmental assurance program.	SA
Burdekin Bowen Integrated Farm Management Monitoring and Support Project.	QLD
Carbon what does it mean for me on my property.	QLD
Climate Priorities - Stocktake and Priority Setting for Broadacre Irrigation in the New South Wales Riverina.	NSW
Compost use in sustainable agriculture.	VIC
Developing sustainable production systems, resilient to climate change - Baselineing.	WA
Development of multi-dose ejector for the control of foxes.	VIC
Do it with Dung - from the Mountains to the Murray.	VIC
East Gippsland Soil Carbon Project - Pilot Project.	VIC
Educating Producers in accessing and utilising Spatial Information	QLD
Encouraging sustainable farm practices via adoption of Grains Best Management Practices in Queensland.	QLD
Enhancing Adoption of Best Practice Grazing Management in Northern Australia: Phase 1 - Integration and Scenario Testing.	QLD
Farmer Targets for Climate Change - New South Wales Mid North Coast	NSW
Farming for a Sustainable Future - Demonstrating Best Farm Practices	VIC
Good practice and better environmental outcomes in vegetable production.	WA
Horticulture For Tomorrow - Taking Stock of the Environmental Impacts of Horticultural Production in Australia	NSW
Improving the efficacy of hydrogen phosphide (PH <sub>3</sub> ) fumigation for rabbit control.	VIC
Increasing Precision Agricultural Awareness and Adoption in South East South Australia.	SA
Integrated Management Practices for Alternating Crops - Burdekin Region	QLD
Integration of Fire, Feral and Weed Management to Enhance Grazing Productivity, Top End Floodplains.	NT
Land type specific sustainable practice guidelines for NT pastoral lands.	NT
Macintyre Brook Sustainability Initiative.	NSW
Maximising Nutrient Use Efficiency and Improving Soil Health in the Processing Tomato Industry	VIC
Protecting Tasmania's sustainable farming and biodiversity assets from serrated tussock invasion	TAS
Protecting the Northern Territory from rubber vine incursion.	NT
Queensland Grow Me Instead Project.	QLD
Reducing emissions and improving carbon levels in southern Queensland soils.	QLD
Reducing Wild Dog Impacts on Agriculture through Enhanced Community Participation.	VIC
Scoping future scenarios and building Innovative Partnerships for Northern Territory pastoral lands.	NT
SeaNet East- The Environmental Fisheries Extension Program for Queensland, New South Wales and Victoria.	Various
SeaNet West - The Environmental Fisheries Extension Program for Northern Territory, Western Australia, South Australia and Tasmania.	Various
Soil biology - the missing link for regenerative production in our farming systems.	TAS
South East Queensland Sustainable Trees on Farms Program.	QLD
Strategic Management of Serrated Tussock - Reducing Threats to Sustainable Farming.	NSW
Sustainable Milk Production Model for the Northern Dairy Industry.	QLD
Sustainable Piggery Effluent Utilisation in Australian Farming Systems.	ACT
Sustainable Practice - Development of the Horticulture Recognition Framework	NSW
