

SUBMISSION NO.30
TT 25 & 26 November 2009

To the Secretary of the Joint Standing Committee of Treaties
I'm writing to let you know that I support the listing of the shortfin mako, longfin mako and porbeagle sharks as migratory species under the EPBC Act.

The threats to shark populations in Australia and worldwide are enormous so it is vital that Australia is one of the countries to take action before it is too late!

Yours sincerely
Claudia Flaxman
