Australia

- 2.1 Comply with UN resolutions as above.

- 2.3 Inact a law that any person or persons burning our national flag has committed an act of treason. These people should be deported if they are not citizens of Australia.
- 2.4 Make it an act of treason that any group or person declaring that their religion will not tolerate any other religion or belief, or that their intention is to change Australia into a state of Islam.
- 2.5 The intention of any group to overthrow our way of life i.e. Democracy be considered an act of treason.  
Deportation or jail is the penalty for this behaviour.
- 2.6 Australian citizenship should not be granted to migrants (legal or illegal) for at least 6 (six) years. The 6 years will act as a probationary period, and in the event of a migrant committing a criminal offence or attempting to destroy our way of life, they will be deported to their place of origin.
- 2.7 Every effort should be made to maintain Australia as a predominately Christian Nation.

Note:-

I realize how difficult the migration problems are, and I hope our Politions can find the strength and wisdom to deal with them.
