Subject: RE: Re:Parliamentary Copmmittee investibating Immigration Bridge.

Dear Sir / Madam,

I strongly appose the erection of another Bridge above the surface of Lake Burly Griffin.

As a constant user of the lake for sailing, on most Fridays and as a member of the Canberra Yacht Club, for competition sailing on Sundays. There are enough hazards on the lake with two (2) existing bridges, the advent of building structures on the foreshores and the existing natural landscape. There is enough interfering with the prevailing wind pattern on the lake.

There are many more suitable locations on our foreshores, with better access to our fellow Canbrians and our valued visiting guests, to porous the plaques of remembrance.

I do trust common cense will prevail, and our authorities will find a more suitable location for the Immigration Memorabilia.

Hugh Taylor.
