

Submission No. 6

I understand a Parliamentary Enquiry is being conducted into Canberra memorials. I'd appreciate you passing this submission to the Enquiry:

I am not in favour of the proposed World War 1 and 2 memorials at Rond Point. They are disruptive to the ambience of the location, are far too big and are totally superfluous. The Australian War Memorial should remain the memorial for WWs 1 and 2, where the names of the war dead are appropriately recorded. Canberra, and Australia, does not need a self indulgent monstrosity by the lake.

Thank you

Tim Coyle
