

Dear Senators

I Was at the Senators inquiry yesterday in Melbourne, and added some information to be submitted to the Senators inquiry, but on reading what was submitted at the inquiry ,my brothers information was not added.

My brothers name is Peter Greening who is in a residential aged care, Peter has been in care since our mothers murder, ,which two teenagers were charged with her murder,Peter was taken and put into a accommodation home where he was with drug addicts ,and alcoholics,Peter has a mental illness and has a brain acquired injury which came about from a drowning and having to be revived.

After a year Peter was moved to a residential aged care facility , and has been there ever since, our mothers murder was in 2005, Peter saw his mother assaulted ,sexually molested and killed, he was threatened and cut with a knife, he asks me to this day why am i locked up,he calls the place he lives in a hospital,and has asked to live in a home.

My brother is in care ,because his mother was murdered , he wants to know why ,he didn't do anything wrong
The two young men who murdered our mother will be out of the youth detention center next year.

My Brother got life , our mother was murdered in 2000

I submitted news coverage of Peters story which was in all the news papers around Australia.
