

Cancer Inquiry

13.3.2005

To Senator The Hon. Peter Cook

I would like to voice my support for the less conventional therapies and treatments for cancer patients.

As I am a cancer patient myself (breast cancer) I highly value the services provided by the Gawler Foundation in Vic.

I was diagnosed in Nov. 2001 and went through with all the conventional treatments, like surgery, chemotherapy and Radiation therapy, but the therapists at the Gawler Foundation gave me hope and strength to help myself. They helped me to change my life style and I believe I will conquer this killer disease.

Yours sincerely
