

To Mr. Elton Humphery, Secretary, Committee of Community
Affairs, Gynaecological Cancer Inquiry, Parliament House Canberra, ACT

To whom it may concern

Business and Professional Women of Western Australia are concerned that
Gynaecological cancer needs are under represented in the budget submission .
We support the work of GAIN in their quest to improve information and support
for women who have gynaecological issues.

Once again we are pleased to offer our support to the Gain submission to the
Gynaecological Cancer Enquiry on this important issue of budget allocation.

Yours sincerely

A handwritten signature in blue ink, appearing to read 'Arlene Quinn', is written over the typed name.
