**Note:**

The correspondence received by the Committee has been divided into 3 categories.

*Category 1* includes letters that may oppose the Bill by name or oppose the Bill to legalise RU486 (or similar wording). However, these letters misunderstand the Bill by making comments that do not address the purpose or subject of the Bill and are not relevant to the actual Bill under inquiry.

*Category 2* letters make no reference to the Bill at all and the comments in them are not relevant to the purpose or subject of the Bill. This category has been divided into 3 general classes:

A – letters expressing opposition to RU486, wanting the ban on RU486 continued, or are opposed to the legalisation of or introduction into Australia of RU486.);

B – letters that provide strongly held views against abortion or provide pro-life or right to life comments;

C – letters that provide a combination of both A and B comments.

*Category 3* express general pro choice comments without any reference to the Bill.
