

**8<sup>th</sup> April 2010**

**SUBMISSION FOR:**

**COMPULSORY LABELLING OF PALM OIL ON ALL PRODUCTS SOLD IN AUSTRALIA.**

In support of the 'Don't Palm us off' campaign, I submit this request to make compulsory labelling of Palm Oil on all products sold within Australia.

I am asking FSANZ for 'choice' as a consumer.

Palm oil is costing the lives of up to 50 Orang-utans each week. These animals will be extinct in a very short period of time through the greed of a few.

Lets Not in Australia contribute to this. As a civilized country we should help pave the way and provide our support by making the labelling of Palm oil compulsory on ALL Products.

Once labelled, consumers will have a choice and the opportunity to drive a market for proper certified sustainable palm oil from manufacturers.

Yours Sincerely,

Carol Scarcebrook
