FOOD STANDARDS AMENDMENT (TRUTH IN LABELLING – PALM OIL) BILL 2009

I support mandatory, specific labelling of Palm oil in ALL products for the following reasons:-

1. As a consumer I have the right to know the individual, specific ingredients used in all products.
2. As a consumer I have the right to choose not to support products that use Palm oil sourced from non-sustainable origins. Specific labelling is required to exercise this right.
3. I choose to support products that either use environmentally responsible alternatives to Palm oil, or sustainably derived Palm oil. Correct labelling of Palm oil content and origin is necessary for this.
