

To Whom it May Concern,

I am writing to you to show my support for the mandatory labelling of palm oil. The purely destructive nature of this industry is no less than disturbing and something which is within our power to halt.

I would like to see all products sold in Australia labelled as such if they contain palm oil in an effort to educate people as to what they are consuming and the damage this is doing to the environment, to orang-utans and other precious species reliant on this habitat to survive.

Thank you for the opportunity to make this submission.

Regards,

**Donna Shiel**
