

We should have a right to know what we are putting into our bodies and on our skin, this is normal practice in the UK and so this should happen all over the world. I am a massive animal lover and if I had the choice of purchasing a products that did not have Palm Oil in it, I would in an Instant and wouldn't care if it was more expensive.

Everybody should have a choice to say yes or no, you are not giving us this simple option at the moment!!!

Kind Regards

*Danielle Preston*
