

To Whom It May Concern:

It is my right as a consumer to know the origin of the ingredients put in the products I buy. I beg you to please support the labeling of Palm Oil in all products. Everyday I am consuming Palm Oil without being aware of it, everyday I am helping companies to destroy animals

And forests...

Please give the animals and the forests a break, I have seen Orangutans in the wild, I would love my son to have this opportunity too, but if things continue as they are, the Orangutans won't have a forest.

I wish to confirm that I would like the secretariat to consider my email to be a submission and made public including publishing on the web etc.

*Regards,
Shelley*
