Name: Abir Kezraj

I am 13 years old and I believe what you are doing to the animals {orangtangs} is inhuman I saw the don't palm us off campaign on the 7pm project and believe that animals should have a right to live. If this bill does not pass I will know our Government can't be trusted this bill should be introduced ages ago, not now after thousands have dead, If you continue You will be COLD-BLOODED MURDERS and that that so i will never vote for you when i am 18 I only 13 but i know what your doing is WRONG so try and redeem yourselves so please help
