

I would like to pledge my support for the Food Standards Amendment (Truth in Labelling – Palm Oil) Bill 2009

I believe the vague labelling of 'vegetable oil' of food products is misleading. Palm Oil use is not only an environmental issue there is a moral obligation to protect the habitats of Orangutans and Tigers that stems from the harvesting of palm oil.

This is a blatant form of censorship that has been left for far too long. I demand change on this issue and I exercise my right to be informed as a consumer.
