

Inquiry Into Food Standards Amendment (Truth in Labelling – Palm Oil) Bill 2009

I support the mandatory labelling of palm oil because I believe we have the right to choose if we do or do not want to play a part in the destruction of nature, and have the blood of an entire species of Orangutan on our hands.

In this day and age I am sure there are many viable alternatives to allowing this devastation to continue, and mandatory labelling of palm oil will allow the public to show their support for the need for change.
