

Dear Senator Moore

Re: Inquiry into Health Legislation Amendment (Midwives and Nurse Practitioners) Bill 2009 and two related Bills

As someone who has had three beautiful homebirths, it seems extraordinary to me that the Australian government is prepared to give women a choice to kill ever more viable babies before and near birth, but at the same time is unprepared to give women the right to choose to have their babies at home. The left hand does not seem to know what the right hand is doing.

Yours faithfully,

Faye O'Carroll
