

I wish to clearly state that I support all the aspects of the Deafness Forum submission to the Senate Enquiry into Hearing Health in Australia.

As a hearing impaired person I know how vitally important these various issues are. Communication is foundational to a healthy life, a healthy family, a healthy community.

I urge you to make every effort to support the work of the Deafness Forum and other organizations concerned with hearing impairment, as they endeavour to improve the quality of life amongst those one in six who suffer from some form of deafness.

Thank you so much
