DEAR SIR,

REGARD THE ADULT RATE OF PENSIONS BEING I BELIEVE 25% OF TOTAL AVERAGE WEEKLY EARNINGS. I WOULD QUESTION THIS RATIO WOULD HAVE BEEN ARRIVED AT WHEN ELECTRIC POWER, WATER & SEWERAGE, PUBLIC TRANSPORT, TELEPHONE SERVICE WERE ALL CONTROLLED BY STATE OR FEDERAL GOVERNMENTS.

AS THESE ARE NOW ALL PRIVATISED AND HAVE SHARE HOLDERS WHO GET BY AND A DIVIDEND PLUS THE ADDITION OF G.S.T. IS THIS 25% STILL A FAIR RATIO OR DOES IT NEED REVIEWING

THANKING YOU

John Deagle
