FARMERS receive a low % of the final price to consumers. Farmers deserve a better deal from the 'Big Firms'.

BIG FIRMS HAVE COSTS incl. their lease of the premises. lease costs are extortion / the consumer eventually pays.

Duopoly trading as a monopoly where consumers pay or go without.

The Duopoly has too much power & defeats the basic purpose of a free market with genuine competition.

PENSION BONUS SCHEME.

→ IT IS MIS LEADING. to call it
a 'bonus' as the AMOUNT AVAILABLE
depends upon spouse income.

→ TO WORK on after 65 requires
SUBSTANTIAL fortitude, physically
& MENTAL & should not be
Treated with disdain.

→ PAY the full bonus or debt
BONUS from the scheme & just
call it a pension scheme.

→ self funded retirees have lead 'full lives'
& have substantially added to the
economy. They deserve the full bonus.

BONUS → PENSION → spouse income
