

Dear Sir, Madam

I am writing this letter regarding one off payments. I am now 68 yo but when I was 65 I requested centalink to change my pension from careers to aged. After 12 months of ringing, it was finally changed, as we are told to do everything legal. My point is that a very short time after people on a careers pension were given 1,000 dollars, careers allowance given \$600, the thing is for my doing everything legal I lost \$400, whether these payments are \$20 or \$800, we still do the same job, at home, so I think all careers should be treated the same we all do the same job.
