

## **Attachment A:**

### **The name and location of Catholic run orphanages and homes by date of establishment**

The following list shows the extent of the development of Catholic orphanages and homes across Australia. This list of 140 homes and orphanages is an attempt to include all facilities and includes a very small number of homes that were primarily for Indigenous children or those which were operating specifically during the eras of child migration. Included are those agencies that made a major shift from large-scale institutional residential care to smaller units of residential, family group homes or foster care.

- 1848 House of Good Shepherd, Sydney
- 1848 St Mary's Orphanage, New Norcia, WA
