

TO SENATE INQUIRY
OF FORGOTTEN AUSTRALIANS
SIR. OR MADAM

15. 11 2008

I am writing this letter to let you know that nothing has been done about the children who were abused from the years in 1950. To 1980s,

~~The~~ We are now being told to give date, times and years of our sexual abuse and treatment handed out by the people who were asked to be our carers I find this disgusting to the matter of our abuse I abused by Salvation Army officers and also Children Welfare Officers who gave me torture treatment and abuse I received \$46000 from the Salvation Army and I had payed for legal cost of \$10000 and \$1000 GST The letter of apology a disgrace, I hope I get a better deal from the Federal & State Government over what they let people do to me Thank you for your help in this matter
