

Committee Secretary  
Senate Community Affairs References Committee

Dear Sir/Madam,

A wonderful, workable program has been implemented in various places around the world to help youth, it's called....

THE WAY TO HAPPINESS.

[www.thewaytohappiness.org](http://www.thewaytohappiness.org)

It's a small booklet with 21 basic moral codes based on common sense, it's non-religious and unbiased and it's effective in all areas of the world.

The booklet has just recently been put into DVD format - word for word. There is a whole educators program with lessons to followup and apply each common sense (can be gotten free from the website).

You can also see on the website the results from governments, communities, businesses, criminal reform etc.

Here's some of them that I thought may interest you..

"This material touches on various areas of our lives in dealing with our fellow man and saving our environment. The city, like many other communities, is losing our youth to drugs and other social illnesses. Your campaign is a good one."

- C.H.D., Chief Director of Fire, Rescue and Inspection Services

"The book The Way to Happiness should be an inspiration to everyone. By following the advice contained in the book, there is no doubt that all will benefit personally and successfully across life's path."

- City Mayor, California

"By encouraging young people to set a good example, supporting student efforts to get drugs off school campuses and helping to forward standards of honesty, trust and competence, the Concerned Businessmen's Association of America is to be commended and congratulated. Your program is inspirational. Your determination is outstanding. Your message is phenomenal. To the businessmen involved with this remarkable program, I extend my sincere congratulations to you. Your efforts will blaze a trail that others must certainly follow."

- Former Governor, California

Please let me know if there's any way I can help, if you want me to do pilot somewhere of the program no worries, either myself or Peter Campbell (TWTH Director) can assist.

Growing up I had friends commit suicide and I think with effective actions such as the way to happiness, it would've been prevented.

Looking forward to hearing your feedback.

Yours sincerely,

Chris Cauchi  
TWTH Representative
