Committee Secretary,
Parliamentary Joint Committee on Corporations and
Financial Services

Department of the Senate
PO BOX 6100 Parliament House
Canberra ACT 2600

Dear Sir,

When are we all going to stop
exploiting each other and start helping
and servicing one another.

I cannot believe that our Regulators
Authorities and Police are looking on and
doing nothing about innocent people being
robbed by all and sundry!

My submission refers to similar actions
by Banks in the 1970's + early 1980's.

I am told now this was all Criminal and
the Police should have stopped it but
did nothing.

It is humanly impossible to record the
details in writing. I have been trying
to get Westpac to correct what they did
to us for 25 years but they keep ducking
for cover and insisting they were not **LIABLE!!**

I would be happy to answer any queries the Committee might have and am enclosing various correspondence that may prove our claim. We did nothing wrong and never should have been forced to go to the Courts.

Westpac made customers go to Court to recoup Withholding Tax which was apparently illegal and nothing to do with the Borrower!

Meeting 27-3-06

Dudley & I would like to remind our children that we are here to-day not because of any action of a Family member.

For the benefit of our Professional advisors the history of Dudley and myself putting together Assets for the future livelihood of everyone and eventual SUCCESSION was all organised & going well.

The boys each had a good block of land - a house on all blocks except one. To let them become independent & their Families all that was necessary was to abandon the Trust so they personally owned their block. This latter bit had been discussed and was about to be dealt with - but the BANK moved first - hence the mess.

In the mid-70's on the advice of an Economic expert and collusion by Government a big Corporation was allowed to unlawfully wreck our plans.

Now with much difficulty having lost a third of the Asset we are trying to repair the damage.

27-2-09 This was a Family meeting - one of the many there have been all trying to get Justice. We can show evidence of absolute ruination.
