

APRIL 17TH 2008

TO SENATE STANDING COMMITTEE ON ENVIROMENT AND ARTS
PARLIAMENT HOUSE
CANBERRA A.C.T. 2600

I welcome this overdue inquiry initiated by the Australian Democrats to tighten regulation to protect children from hyper-sexualised images and messages bombarding them from every angle in advertising t.v. etc.

I strongly support Womens Forum Australia and the Australian Family Association submission on this issue. The welfare of our future adults is at stake

Please act to protect family values.

Yours Sincerely,

DOMINICA O'REILLY
