

Dear Senators

It seems I was mistaken and the SHINE programme still lives on the web in both Australia and Kiev, apologies for that mistake.

Australia:

SHINE: <http://www2.hillsong.com/citycare/default.asp?pid=785>

FAQs: Are the parents told about the program? It's up to the school-
<http://www2.hillsong.com/citycare/default.asp?pid=1204>

Also, this is a money spinner for Hillsong, and it's our money but we are not told about the content here:

Does the Licence Agreement have to be returned prior to starting the Program? Yes. Returned and authorised.

How long is the turn around period after purchasing the Training Kit and returning the Licence Agreement for us to be allowed to run the program. Do you put it in every time we start a program? The Licence Agreement licenses your organisation to run Shine. Once the Agreement is received by our office and authorised by shine management, you are able to run Shine. We will forward a copy of the Agreement to you.

And here under 'resources' see the range of goods-on-sale:

<http://www2.hillsong.com/citycare/default.asp?pid=790>

Kiev:

SHINE: <http://shineprogram.com.ua/index.php?r=Shine&topic=project>

Nobody noticed the difference - all our princesses were shining as real daughters of the King!

Find this here: <http://shineprogram.com.ua/index.php?r=Shine&topic=goodnew>

The public posting of young women's faces:

<http://shineprogram.com.ua/index.php?r=Shine&topic=album>

The use of these 'programmes' in our schools allows Hillsong and its SU partners to bypass the Commonwealth rules on 'no proselytising' and the Ed Qld 'no evangelising or proselytising' on school grounds by having students 'worked on' by outsiders, volunteers who are not paid by either EQ or the Feds. Reading the local SU website it is clear these chaplains are sending students off-campus to 'youth groups' to brainwash them and return them into our schools as 'Christian Ambassadors'... an act as despicable as flogging condoms to a ten year old via bill hoardings.

Thank you,
Hugh Wilson
