

To Whom it may concern,

I am very thankful to hear that there is to be a Senate Committee inquiry into the sexualisation of children in the contemporary media environment. I have watched with increasing dismay as the moral standards in our society have declined over the decades of my lifetime (I am in my 80's). I encourage you to pursue this issue for the sake of all the children who are being harmfully influenced into accepting sexual suggestiveness as normal for their age.

Yours sincerely;
